

## **Vet Center's Outreach Program**

We support our troops and welcome home veterans. Vet Centers serve veterans and their families by providing a continuum of quality care that adds value for veterans, families, and communities. Care includes professional readjustment counseling, community education, outreach to special populations, the brokering of services with VA and community agencies, and provides a key access link between veterans and other services with the U.S. Department of Veterans Affairs. Vet Centers have been providing Outreach throughout the State of Utah for nearly 25 years. We provide transitional assistance and deployed unit debriefings. We actively help to identify veteran's needs and issues, provide information, link with agencies and resources and network with other vets and agencies. We also provide professional evaluations and treatment at the Vet Centers. Please call and make an appointment.
